U-MULTIRANK 2020

U-Multirank is a unique, multidimensional and international ranking of higher education institutions. It compares university performance across teaching and learning, research, knowledge transfer, international orientation and regional engagement. It is the largest and most inclusive ranking showcasing the diversity in higher education around the world. It is not a league table and does not use composite indicators, nor reputation weights. Therefore, there is no one best university in U-Multirank. The performance of a university is presented with individual scores – graded from ‘A’ (very good) to ‘E’ (weak) across the different areas.

U-Multirank’s 2020 edition presents data on 69 Ukrainian higher education institutions. For the full list of all universities from Ukraine included in U-Multirank, please visit our website.

7 HOW DO UKRAINIAN UNIVERSITIES PERFORM GLOBALLY?

8 APPENDIX: HOW CAN DETAILED RESULTS BE PRESENTED?

9 WHAT IS U-MULTIRANK?
In 2020, U-Multirank covers 69 higher education institutions from Ukraine.

In a global perspective, Ukrainian universities are strong in Teaching & Learning and Regional Engagement. Ukrainian universities are very successful in having their students graduating in time.

The Ukrainian universities with the highest number of top positions ('A' scores) are Sumy State University (11), the Kharkiv University of Humanities “People's Ukrainian Academy” (9), and the Kharkiv National University of Radio Electronics (9).
In this section we highlight the universities receiving the highest number of ‘A’ (very good) scores on the institutional level for the respective country.

Although the number of ‘A’ scores shows top performance for the respective university, it does not imply one university is the ‘best’ in the country, as each university profile highlights different strengths.

### Ukrainian universities with the highest number of overall top scores in 2020

The list includes different profiles of institutions: comprehensive universities, as well as business schools and technical universities.
WHAT ARE THE PERFORMANCE PROFILES OF UKRAINE’S TOP SCORING UNIVERSITIES?

Using our unique sunburst chart, a clear picture is shown of the university’s overall performance (the longer the bar, the higher the score).

For a list of definitions and calculations of indicators, see our Indicator Book.

U-Multirank presents Sunbursts

Performance Indicators

1. Bachelor graduation rate
2. Master graduation rate
3. Graduating on time (Bachelor)
4. Graduating on time (Master)

Research

1. External research income
2. Researchers (peer-reviewed)
3. Researchers (full-time)
4. Doctoral students
5. Doctoral graduates
6. Postdoctoral researchers
7. Interdisciplinary publications
8. Elite publications

Knowledge Transfer

1. Patents granted (total)
2. Patents granted (peer-reviewed)
3. Patents licensed
4. Patents licensed (peer-reviewed)
5. Patents transferred to industry
6. Patents transferred to industry (peer-reviewed)
7. Patents transferred to citizens
8. Patents transferred to citizens (peer-reviewed)

Internationalization

1. Foreign language bachelor programmes
2. Foreign language master programmes
3. Student mobility
4. Staff mobility
5. International exchange programmes
6. International joint publications

Regional Engagement

1. Bachelor graduates working in the region
2. Student mobility to other regions
3. Student mobility to other regions (peer-reviewed)
4. Student mobility to other regions (citizen)
5. Student mobility to other regions (citizen (peer-reviewed))

4 Ukrainian universities have achieved a global Top 25 score in 2020.

**TOP 25 PERFORMING UNIVERSITIES IN CONTACT TO WORK ENVIRONMENT**

In this list we present the U-Multirank 2020 top performers on the indicator orientation to work environment orientation of master programmes. Taking into account the inclusion of mandatory internships, the percentage of students actually doing an internship, and teaching by external practitioners, this indicator shows how strongly institutions include work experience into their degree programmes.

**Europe**
- Carlos III University of Madrid (Spain)
- Autonomous University of Barcelona (Spain)
- University of Navarra (Spain)
- University of Latvia (Latvia)
- Ruhr-University of Applied Sciences (Germany)
- University of Murcia (Spain)
- Kaunas University of Applied Sciences (Lithuania)
- Sofia University St. Kliment Ohridski (Bulgaria)
- University of La Laguna (Spain)
- Bremen University of Applied Sciences (Germany)
- Universidad Nebrija (Spain)
- Simon Kuznets Kharkiv National University of Economics (Ukraine)
- KFITS Yeditepe University of Applied Sciences (Turkey)
- Southwest State University (Russian Federation)
- Frankfurt School of Finance & Management (Germany)
- Escuela Kordhubi (Bermuda University of Applied Sciences (Germany)
- German University in Cairo ( Egypt)
- King Fahd University of Petroleum and Minerals (Saudi Arabia)
- Macquarie University (Australia)
- University of Applied Sciences (Germany)
- International School of Management (ISM) (Germany)
- University of Applied Sciences (Germany)
- University of Applied Sciences (Germany)
- Management Center Innsbruck (MCI) (Austria)
- FHMK der WWK - University of Applied Sciences for Management & Communication (Austria)
- Zhytomyr Polytechnic State University (Ukraine)
- Rey Juan Carlos (Spain)

**Africa**
- State Institution “Dnipropetrovsk Medical Academy of the Ministry of Health of Ukraine”
- Lviv Polytechnic National University

**Asia**
- State Institution “Dnipropetrovsk Medical Academy of the Ministry of Health of Ukraine”

Above or below average?

In this section we highlight the overall performance of Ukrainian universities on the institutional level per U-Multirank dimension.

The below table shows the national breakdown of Ukrainian universities and how they stand across the spectrum of above average (receiving a score of ‘A’ (very good) or ‘B’ (good)), or below average (receiving a score of ‘D’ (below average) or ‘E’ (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

The Ukraine's National Performance
Above or below average?

- Regional Engagement
  - Above average: 54%
  - Below average: 24%
- International Orientation
  - Above average: 73%
  - Below average: 15%
- Knowledge Transfer
  - Above average: 80%
  - Below average: 17%
- Research
  - Above average: 72%
  - Below average: 22%
- Teaching & Learning
  - Above average: 74%
  - Below average: 4%
If you want to analyse further the performance of the universities in your country you can click the following links.

The below links lead directly to the national results pages where we pre-filtered the universities in your country into one list (for the university as a whole and for the subject areas included in U-Multirank so far). You can use the table to produce national rankings (see image below), or for personalised interactive analyses with the data.

If you’re interested in tailor-made tables (institutional level, subject level, or with a specific focus in mind, such as internationalisation), please contact us, at info@umultirank.org. These links are also accessible via your country’s ‘Study in’ page.

- Overview Infographic 2020
U-Multirank is a multidimensional, user-driven approach to international ranking of higher education institutions. It compares the performances of higher education institutions – in short: universities – in the five dimensions of university activity:

1. teaching and learning, 2. research, 3. knowledge transfer, 4. international orientation and 5. regional engagement.

The U-Multirank web tool enables comparisons at the level of the university as a whole and at the level of specific study programmes. Based on empirical data, U-Multirank compares institutions with similar institutional profiles ('like-with-like') and allows users to develop their own personalised rankings by selecting indicators in terms of their own preferences.

Based on the results of a feasibility study covering 150 universities which was carried out in 2010/11, the European Commission decided to fund the implementation of U-Multirank. This roll out is carried out by a consortium led by Professor Frans van Vught of the Center for Higher Education Policy Studies (CHEPS), University of Twente in the Netherlands and Professor Frank Ziegele of the Centre for Higher Education (CHE) in Germany as well as the Centre for Science and Technology Studies (CWTS) from Leiden University, Fundacion CYD and Folge 3. U-Multirank is funded by the European Commission, the Bertelsmann Foundation and Banco Santander. The consortium also works closely with a range of national ranking partners and stakeholder organisations.

The work of the U-Multirank consortium is overseen by an Advisory Board.
