ITALIAN UNIVERSITIES IN GLOBAL COMPARISON
2021 STUDENT REPORT

Finding the best university, study programme or student exchange can be hard. To help students through that process U-Multirank has worked to create a new type of university ranking tool, giving you the power to compare according to what matters most to you. With more than 100,000 students taking part in U-Multirank’s annual student survey, it gives you valuable peer-to-peer feedback for some 2,000 universities and colleges from 97 countries worldwide. From this information you can create your own personalised university rankings, comparing them in the areas of teaching & learning, research, knowledge exchange, internationalisation and regional engagement.

U-Multirank’s student reports highlight the national performance of universities in Italy. The 2021 edition features 83 Italian universities. For the full list of all universities from Italy included in U-Multirank, please visit our master list of universities.
