

AMERICAN UNIVERSITIES IN GLOBAL COMPARISON

2021 STUDENT REPORT

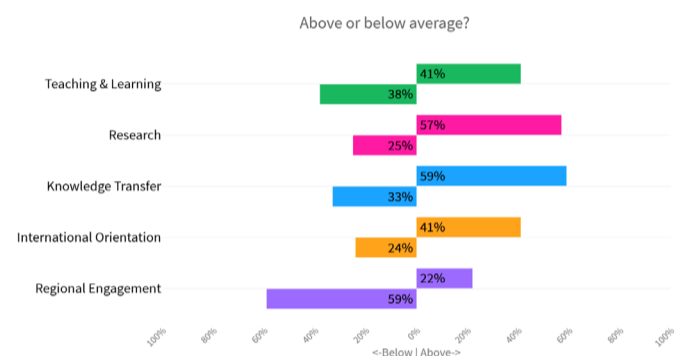

Finding the best university, study programme or student exchange can be hard. To help students through that process U-Multirank has worked to create a new type of university ranking tool, giving you the power to compare according to what matters most to you. With more than 100,000 students taking part in U-Multirank's annual student survey, it gives you valuable peer-to-peer feedback for some 2,000 universities and colleges from 97 countries worldwide. From this information you can create your own personalised university rankings, comparing them in the areas of teaching & learning, research, knowledge exchange, internationalisation and regional engagement.

U-Multirank's student reports highlight the national performance of universities in the United States. The 2021 edition features 250 American universities. For the full list of all universities from the United States included in U-Multirank, please visit our master list of universities.

NATIONAL PERFORMANCE OF THE UNITED STATES

U-Multirank makes transparent the strengths of a country's higher education system. In its latest edition, American universities show their strongest performance in Knowledge Transfer.

TOP PERFORMING UNIVERSITIES IN THE UNITED STATES

In this section we highlight the universities receiving the highest number of 'A' (very good) scores on the institutional level for the United States. Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths.

Massachusetts Institute of Technology	15 'A' scores
The Rockefeller University	14 'A' scores
University of California, Berkeley	14 'A' scores
Boston University	13 'A' scores
Northeastern University United States	13 'A' scores
Purdue University - Lafayette	13 'A' scores
University of Maryland, College Park	13 'A' scores

LOOKING AT STUDENT MOBILITY

In this section we highlight the universities with the highest student mobility. Rather than only looking at unilateral movement, U-Multirank measures student mobility with both incoming and outgoing students in mind, giving a more well-rounded view on how internationally diverse the student body is. Students interested in this area should explore comparisons according to international orientation.

Denison University
Olin College of Engineering
Oklahoma State University - Stillwater
Rust College
The Rockefeller University

TOP SAFEST CITIES IN THE UNITED STATES FOR STUDENTS

At U-Multirank, we understand that safety can play an important factor when deciding where to study. That's why we include information from the Numbeo Safety Index. The positions (ranging from 1 to 442) and scores (ranging from 0 to 100) are based on a global comparison of cities*.

*The scores are based on surveys conducted by Numbeo for cross-country comparisons (Source: Numbeo.com - 21.09.2021)

SAFEST CITIES	NUMBEO SAFETY INDEX POSITION	NUMBEO SAFETY SCORE
Irvine	17	78.72
Amarillo	34	76.34
El Paso	112	67.18
Salt Lake City	113	67.18
Madison	118	66.59
