U-MULTIRANK 2022
Greek Universities in Global Comparison
U-Multirank's 2022 edition presents data on 15 Greek higher education institutions. For the full list of all universities from Greece included in U-Multirank, please visit our website.
In 2022, U-Multirank presents data on 15 Greek higher education institutions.

Nine Greek institutions reached five or more top positions ('A' scores).

The Greek institutions with the highest number of top positions ('A' scores) are:
- The National and Kapodistrian University of Athens (13)
- University of Crete (8)
- National Technical University of Athens (6)
- University of the Aegean (6)
- University of Ioannina (6).

National and Kapodistrian University reached 8 out of its 13 top group positions in the dimension of Research and Knowledge Transfer.

AT A GLANCE: HOW DO GREEK UNIVERSITIES FARE IN U-MULTIRANK?
WHICH ARE THE TOP PERFORMING UNIVERSITIES IN GREECE?

In this section we highlight the universities receiving the highest number of ‘A’ (very good) scores on the institutional level for the respective country.

Although the number of ‘A’ scores shows top performance for the respective university, it does not imply one university is the ‘best’ in the country, as each university profile highlights different strengths.

PERFORMANCE INDICATORS

Teaching & Learning
1. Bachelor graduation rate
2. Master graduation rate
3. Graduating on time (Bachelor)
4. Graduating on time (Master)

Research
5. External research income
6. Research publications (last normalized)
7. Research publications (cumulative)
8. Citations rate
9. Foundations
10. Interdisciplinary publications
11. Grants

Knowledge Transfer
12. Income from private revenues
13. Co-publications with international partners
14. Patents awarded (last normalized)
15. Industry to academy
16. Industry to academy
17. Professional training
18. Publications cited in patents
19. Commercial spin-offs
20. Academic spin-offs
21. International academic exchanges
22. International student mobility
23. International degree programs
24. International paper publications

Internationalization
25. Bachelor graduates working in the region
26. Students internships in the region
27. Students international mobility
28. Alumni from international sources
29. Master graduates working in the region

Optional Engagement
30. Students international mobility
31. Students international mobility
32. Students international mobility

For a list of definitions and calculations of indicators, see our Indicator Book.

Above or below average?

In this section we highlight the overall performance of Greek universities on the institutional level per U-Multirank dimension. The below table shows the national breakdown of Greek universities and how they stand across the spectrum of above average (receiving a score of ‘A’ (very good) or ‘B’ (good)), or below average (receiving a score of ‘D’ (below average) or ‘E’ (weak)). In doing so, U-Multirank offers a clear picture on the country’s strengths, and areas for improvement.

FAQ
WHAT IS U-MULTIRANK?

U-Multirank is a multidimensional, user-driven approach to international ranking of higher education institutions. It compares the performances of higher education institutions – in short: universities – in the five dimensions of university activity:

1. teaching and learning,
2. research,
3. knowledge transfer,
4. international orientation and
5. regional engagement.

The U-Multirank web tool enables comparisons at the level of the university as a whole and at the level of specific study programmes. Based on empirical data, U-Multirank compares institutions with similar institutional profiles ('like-with-like') and allows users to develop their own personalised rankings by selecting indicators in terms of their own preferences.

Based on the results of a feasibility study covering 150 universities which was carried out in 2010/11, the European Commission decided to fund the implementation of U-Multirank. This roll out is carried out by a consortium led by Professor Frans van Vught of the Center for Higher Education Policy Studies (CHEPS), University of Twente in the Netherlands and Professor Frank Ziegele of the Centre for Higher Education (CHE) in Germany as well as the Centre for Science and Technology Studies (CWTS) from Leiden University and Fundacion CYD. U-Multirank is funded by the European Commission, the Bertelsmann Foundation and Banco Santander. The consortium also works closely with a range of national ranking partners and stakeholder organisations.

The work of the U-Multirank consortium is overseen by an Advisory Board.
