

Country-Specific Info 2018

Portugal

Total number of higher education institutions (universities) included in U-Multirank

29

A. University coverage

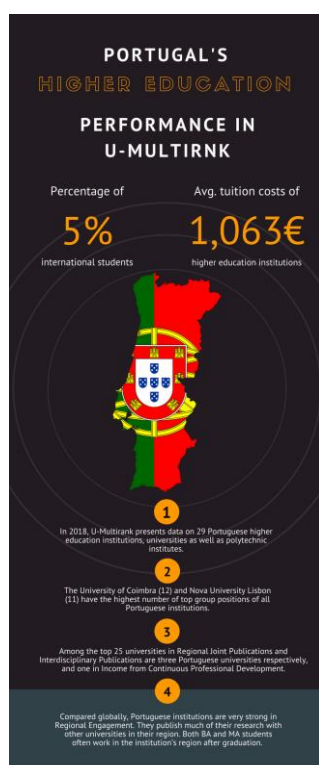

U-Multirank's 2018 edition presents data on 29 Portuguese higher education institutions.

New this year: U-Multirank has created a new 'Study in...' section highlighting study destinations for students. To explore 'Study in Portugal', follow this [link](#).

For the full list of all universities from Portugal included in U-Multirank, please follow this [link](#).

*Please note the list is sorted in alphabetical order by countries and then university names.

B. Portugal's higher education performance in U-Multirank

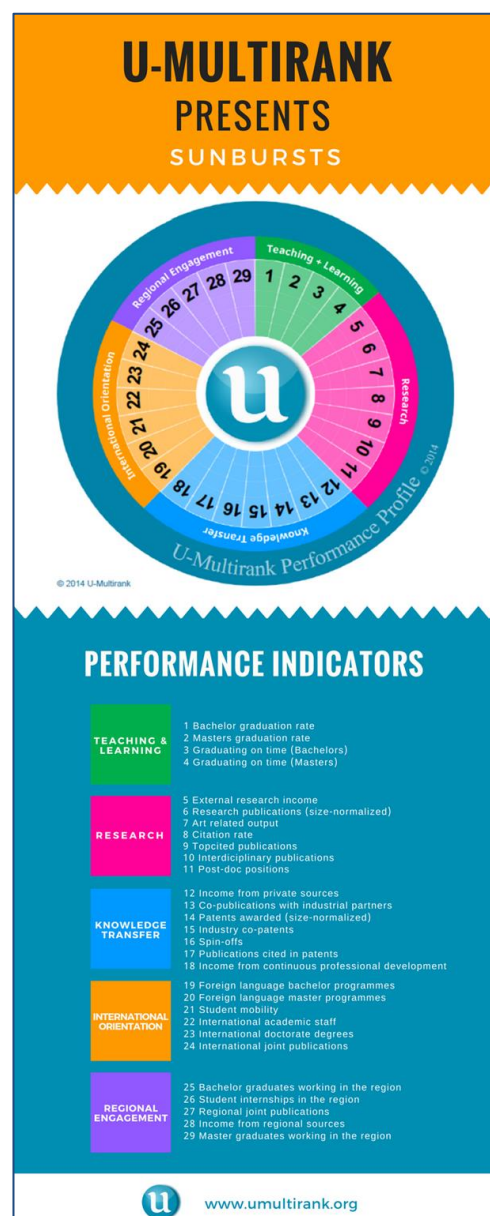

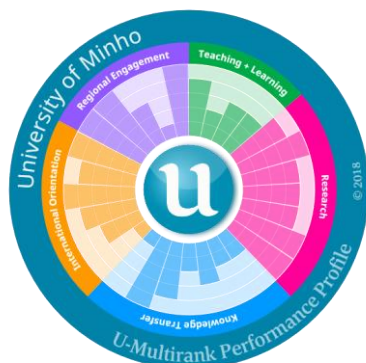

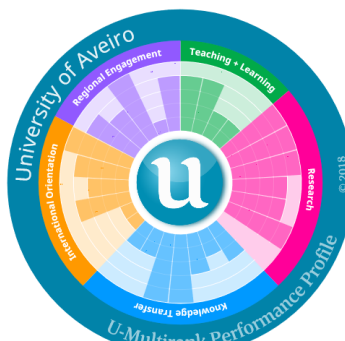

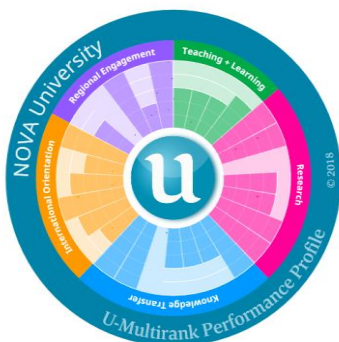

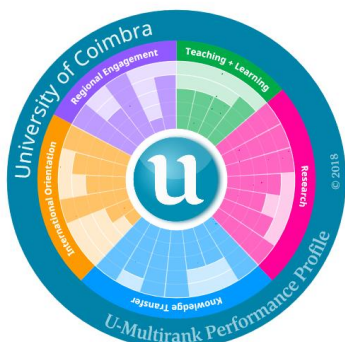

1. In 2018, U-Multirank presents data on 29 Portuguese higher education institutions, universities as well as polytechnic institutes.
2. Compared globally, Portuguese institutions are very strong in Regional Engagement. They publish much of their research with other universities in their region. Both BA and MA students often work in the institution's region after graduation.
3. The University of Coimbra (12) and Nova University Lisbon (11) have the highest number of top group positions of all Portuguese institutions.
4. Among the top 25 universities in Regional Joint Publications and Interdisciplinary Publications are three Portuguese universities respectively, and one in Income from Continuous Professional Development.

C. Universities with the highest number of overall top scores

In this section we highlight the five universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country (*in the event of ties, more universities will be shown*). **Using our unique sunburst chart, a clear picture is shown of the university's overall performance (the longer the bar, the higher the score).** Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths. A key guard is provided for the sunburst chart. For a list of definitions and calculations of indicators, see our [Indicator Book](#).

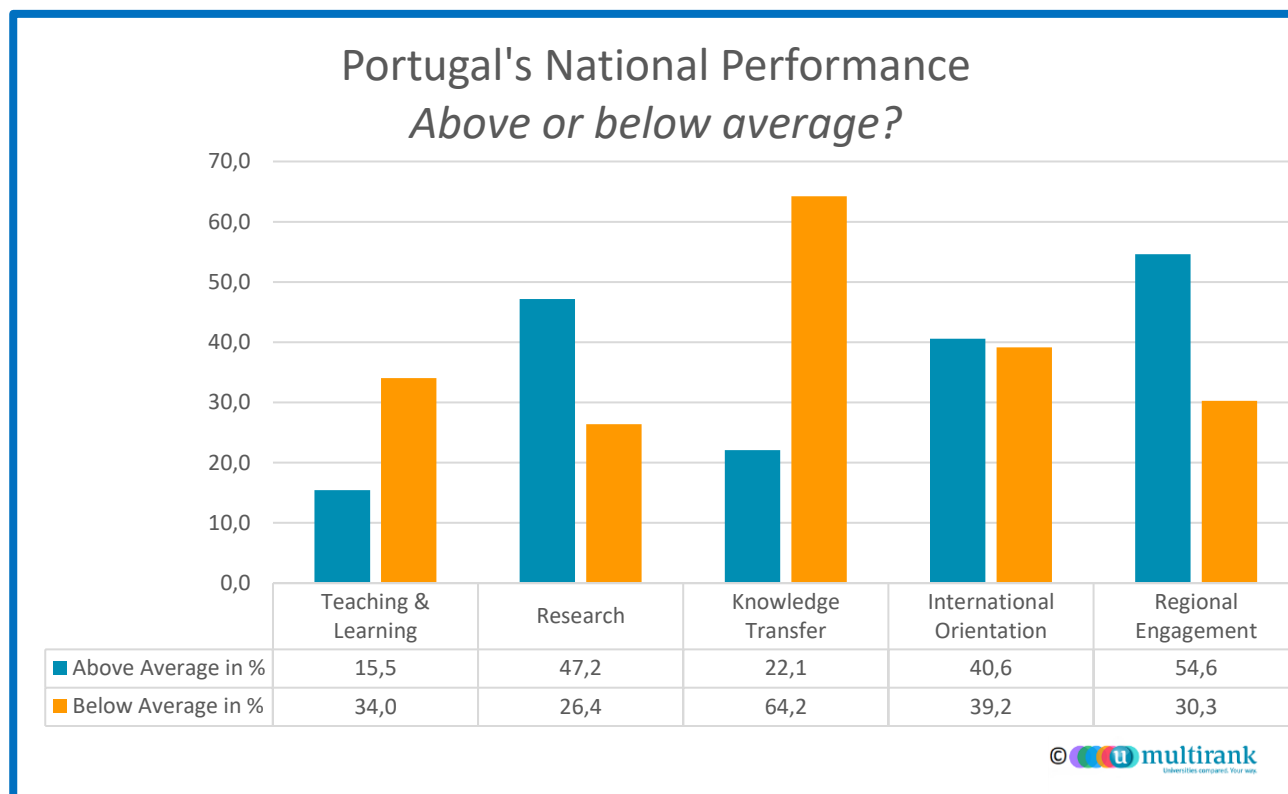

Portuguese universities with the highest number of overall top scores in 2018	Total 'A' scores 2018	Total 'A' scores 2017
University of Coimbra	12 ↑	10
NOVA University	11 ↑	10
University of Aveiro	10 ↑	7
Universidade Católica Portuguesa	9 ↑	7
University of Minho	9 ↑	8

D. National performance: above or below average?

In this section we highlight the overall performance of Portuguese universities on the institutional level per U-Multirank dimension. The below table shows the national breakdown of Portuguese universities and how they stand across the spectrum of above average (receiving a score of 'A' (very good) or 'B' (good)), or below average (receiving a score of 'D' (below average) or 'E' (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

Portuguese higher education institutions perform strongest in U-Multirank's Research and Regional Engagement dimension.

E. Global top 25 performers lists

In this section, U-Multirank presents the global Top 25 performers in a set of 9 indicators measuring different dimensions of performance. These lists highlight the 25 top-performing universities from around the world with the highest scores.

Portuguese universities that have achieved a global Top 25 score are listed under the respective categories:

Dimension Research

1. Research publications (absolute numbers)
2. Top-cited publications
3. Interdisciplinary publications

- *Universidade Católica Portuguesa*
- *University Fernando Pessoa*
- *University of Madeira*

Dimension Knowledge Transfer

4. Co-publications with industrial partners
5. Patents awarded (size-normalised)
6. Income from continuous professional development

- *Universidade Católica Portuguesa*

Dimension International Orientation

7. Student mobility
8. International joint publications

Dimension Regional Engagement

9. Regional joint publications
- *Lusófona University*
 - *Polytechnic Institute of Lisbon (IPL)*
 - *University Fernando Pessoa*

Here you can see the [full lists](#) of all global Top 25 performers.

F. Annex

Detailed results:

If you want to analyse further the performance of the universities in your country you can click the following links. The below links lead directly to the national results pages where we pre-filtered the universities in your country into one list (for the university as a whole and for the subject areas included in U-Multirank so far). You can use the table to produce national rankings (see image below), or for personalised interactive analyses with the data. If you're interested in tailor-made tables (institutional level, subject level, or with a specific focus in mind, such as internationalisation), please contact us, at info@umultirank.org. These links are also accessible via your country's 'Study in' page.

Note: The links will be accessible, starting the day of the release at 10:30 CET.
