

U-MULTIRANK 2020

Greek Universities in Global Comparison

U-MULTIRANK 2020

U-Multirank is a unique, multi-dimensional and international ranking of higher education institutions. It compares university performance across teaching and learning, research, knowledge transfer, international orientation and regional engagement. It is the largest and most inclusive ranking showcasing the diversity in higher education around the world. It is not a league table and does not use composite indicators, nor reputation weights. Therefore, there is no one best university in U-Multirank. The performance of a university is presented with individual scores – graded from 'A' (very good) to 'E' (weak) across the different areas.

U-Multirank's 2020 edition presents data on 17 Greek higher education institutions. For the full list of all universities from Greece included in U-Multirank, please visit our [website](#).

AT A GLANCE: HOW DO GREEK UNIVERSITIES FARE IN U-MULTIRANK?

- In 2020, U-Multirank presents data on 17 Greek higher education institutions.
- Four (4) Greek institutions reached 5 top positions ('A' scores). These are: The University of Crete, Athens University of Economics and Business (AUEB), National and Kapodistrian University of Athens, and Agricultural University of Athens (AUA).

WHICH ARE THE TOP PERFORMING UNIVERSITIES IN GREECE?

University of Crete received the highest number of 'A' (very good) scores on the institutional level for Greece in 2020.

In this section we highlight the universities receiving the highest number of 'A' (very good) scores on the institutional level for the respective country.

Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths.

Greek universities with the highest number of overall top scores in 2020	Total 'A' scores 2020	Total 'A' scores 2019
<u>University of Crete</u>	5 =	5
<u>Athens University of Economics and Business (AUEB)</u>	5 ↓	6
<u>National and Kapodistrian University of Athens</u>	5 ↓	6
<u>Agricultural University of Athens (AUA)</u>	5 ↑	4
<u>University of the Aegean</u>	4 ↑	3
<u>University of the Peloponnese</u>	4 ↑	2
<u>University of Patras</u>	4 =	4

The list includes different profiles of institutions: comprehensive universities, as well as business schools and technical universities.

WHAT ARE THE PERFORMANCE PROFILES OF GREECE'S TOP SCORING UNIVERSITIES?

Using our unique sunburst chart, a clear picture is shown of the university's overall performance (the longer the bar, the higher the score).

U-MULTIRANK PRESENTS SUNBURSTS

PERFORMANCE INDICATORS

TEACHING & LEARNING	1 Bachelor graduation rate 2 Masters graduation rate 3 Graduating on time (Bachelors) 4 Graduating on time (Masters)
RESEARCH	5 External research income 6 Research publications (size-normalized) 7 Art related output 8 Citation rate 9 Topical publications 10 Interdisciplinary publications 11 Post-doc positions
KNOWLEDGE TRANSFER	12 Income from private sources 13 Co-publications with industrial partners 14 Patents awarded (size-normalized) 15 Industry co-patents 16 Spin-offs 17 Publications cited in patents 18 Income from continuous professional development
INTERNATIONAL ORIENTATION	19 Foreign language bachelor programmes 20 Foreign language master programmes 21 Student mobility 22 International academic staff 23 International doctorate degrees 24 International joint publications
REGIONAL ENGAGEMENT	25 Bachelor graduates working in the region 26 Student internships in the region 27 Regional joint publications 28 Income from regional sources 29 Master graduates working in the region

HOW DO GREEK UNIVERSITIES PERFORM GLOBALLY?

Greek higher education institutions perform strongest in U-Multirank's Research and Teaching & Learning dimensions.

Above or below average?

In this section we highlight the overall performance of Greek universities on the institutional level per U-Multirank dimension.

The below table shows the national breakdown of Greek universities and how they stand across the spectrum of above average (receiving a score of 'A' (very good) or 'B' (good)), or below average (receiving a score of 'D' (below average) or 'E' (weak)). In doing so, U-Multirank offers a clear picture on the countries strengths, and areas for improvement.

APPENDIX

DETAILED RESULTS

If you want to analyse further the performance of the universities in your country you can click the following links.

The below links lead directly to the national results pages where we pre-filtered the universities in your country into one list (for the university as a whole and for the subject areas included in U-Multirank so far). You can use the table to produce national rankings (see image below), or for personalised interactive analyses with the data.

If you're interested in tailor-made tables (institutional level, subject level, or with a specific focus in mind, such as internationalisation), please contact us, at info@umultirank.org. These links are also accessible via your country's 'Study in' page.

WHAT IS U-MULTIRANK?

U-Multirank is a multidimensional, user-driven approach to international ranking of higher education institutions. It compares the performances of higher education institutions – in short: universities – in the five dimensions of university activity:

(1) teaching and learning, (2) research, (3) knowledge transfer, (4) international orientation and (5) regional engagement.

The U-Multirank web tool enables comparisons at the level of the university as a whole and at the level of specific study programmes. Based on empirical data, U-Multirank compares institutions with similar institutional profiles ('like-with-like') and allows users to develop their own personalised rankings by selecting indicators in terms of their own preferences.

Based on the results of a feasibility study covering 150 universities which was carried out in 2010/11, the European Commission decided to fund the implementation of U-Multirank. This roll out is carried out by a consortium led by Professor Frans van Vught of the Center for Higher Education Policy Studies (CHEPS), University of Twente in the Netherlands and Professor Frank Ziegele of the Centre for Higher Education (CHE) in Germany as well as the Centre for Science and Technology Studies (CWTS) from Leiden University, Fundacion CYD and Folge 3. U-Multirank is funded by the European Commission, the Bertelsmann Foundation and Banco Santander. The consortium also works closely with a range of national ranking partners and stakeholder organisations.

The work of the U-Multirank consortium is overseen by an Advisory Board.

Funded by:

| BertelsmannStiftung
