

ITALIAN UNIVERSITIES IN GLOBAL COMPARISON

2021 STUDENT REPORT

Finding the best university, study programme or student exchange can be hard. To help students through that process U-Multirank has worked to create a new type of university ranking tool, giving you the power to compare according to what matters most to you. With more than 100,000 students taking part in U-Multirank's annual student survey, it gives you valuable peer-to-peer feedback for some 2,000 universities and colleges from 97 countries worldwide. From this information you can create your own personalised university rankings, comparing them in the areas of teaching & learning, research, knowledge exchange, internationalisation and regional engagement.

U-Multirank's student reports highlight the national performance of universities in Italy. The 2021 edition features 83 Italian universities. For the full list of all universities from Italy included in U-Multirank, please visit our master list of universities.

NATIONAL PERFORMANCE OF ITALY

U-Multirank makes transparent the strengths of a country's higher education system. In its latest edition, Italian universities show their strongest performance in Research.

TOP PERFORMING UNIVERSITIES IN ITALY

In this section we highlight the universities receiving the highest number of 'A' (very good) scores on the institutional level for Italy. Although the number of 'A' scores shows top performance for the respective university, it does not imply one university is the 'best' in the country, as each university profile highlights different strengths.

Bocconi University	15 'A' scores
Humanitas University	13 'A' scores
Sant' Anna School of Advanced Studies	13 'A' scores
IMT School for Advanced Studies Lucca	12 'A' scores
Polytechnic University of Milan	12 'A' scores

LOOKING AT STUDENT MOBILITY

In this section we highlight the universities with the highest student mobility. Rather than only looking at unilateral movement, U-Multirank measures student mobility with both incoming and outgoing students in mind, giving a more well-rounded view on how internationally diverse the student body is. Students interested in this area should explore comparisons according to international orientation.
